

AGM ISV –
Report finalised on 9th Feb 2018

Profit & Loss Report

The financial year we are reporting on is from the 31st of October 2016 to the 1st of September 2017.

In this time, we have received \$31,990 in membership funds which is made up of Senior, Junior, Masters, TOI, Aussie Skate & Officials memberships.

In December of 2016, ISV hosted the Australian Figures Skating Championships (AFSC) which was a very successful event and very well attended. ISV was able to make a profit which in turn provided for the New IJS computer system we had purchased prior to the event.

The new computers were first trialled at our Victorian Championships (VFSC) which, as expected, performed very well and led to a seamless State Championships. Many thanks to Andrew Taylor for the hours spent researching and purchasing the Computers..

ISV Uniform & Merchandise sales during the year was well supported, a Grant of \$5,400 was also received, as was the \$500 Sponsorship donated by Sharon Hedley & Mark Storton. This donation was put towards Team T-Shirts for the Victorian skaters participating at AFSC.

The cost of Judges & Officials will now be paid by the clubs that are running the particular Skating Competitions during the year.

ISV has actively supported our Development Team by providing Ice time and Judges Feedback Sessions throughout the year. There has also been funding to athletes competing at AFSC

ISV has also been very proactive in Live Streaming events and has spent money in that direction to enhance the end product at our skating competitions. This investment has made us leaders in the country for this method of connecting to the skating community.
